INTRODUCTION

The Indorama Public School, erstwhile Delhi Public School, Jagdishpur was established in 1986 to meet the educational needs of the children of the employees of I IPL. It also admits deserving candidates from the neighbouring area. The IRPS has grown to become a premier institution in the area. It is spread out in an area of 18 acres out of which 6 acres is the built-up area. It is set in the midst of verdant green grounds.

From a modest 550 pupils, the strength of the school has now grown to 1200 pupils. It has a teaching staff of 45 teachers and a non-teaching staff of 12.

The school is equipped with state-of-the-art facilities like computer labs with Internet connectivity, Hi-tech Science & Computer laboratories, a modern library, a basket ball court, a football and a cricket ground. The school also has a 400 meter athletic track to enable our children to focus on the development of physique and to show their talent in the world of sports. Atal Tinkering lab is already in use to give young learners a cutting edge in this progressively expanding educational world, motivating them towards overall excellence.

Our strong belief is that education need not be dependent on rote learning but ought to be oriented towards developing a fuller person-body, mind and intellect thereby taking the name of the school to greater heights of glory. A sense of independence, commitment and compassion imbued in children will make true Indians.

INDORAMA PUBLIC SCHOOL

VISION

To nurture the latent talents of the students and provide them a platform to showcase their potential to become global leaders with Indian ethos.

MISSION

To provide conducive academic ambience to foster academic excellence and holistic development of our students.

SCHOOL PHILOSOPHY

- Emphasis on value based education.
- Emphasis on all round development of students.
- Synergy between parents and teachers.
- Constructive interaction between students and teachers.
- To inculcate discipline through positive reinforcements.
- To prepare students according to their development needs by providing conducive environment to meet future challenges.

PRAYER

(1)

Lord, make me an instrument of thy purpose

Where there is hatred;

let me sow love

Where there is injury, pardon ;

Where there is doubt, faith;

Where there is despair, hope ;

Where there is darkness, light;

Where there is sadness, joy;

O Divine Master grant that I

May not so much seek to be

Consoled as to console

To be understood as to understand

To be loved as to love;

For it is in giving that we receive

It is in pardoning that we are pardoned

And it is in dying that we are

born to Eternal Life. Amen

(2)

O God our father,

Make us strong in mind and body,

Make us eager in work and play

Make us loyal and ready to endure discipline

For our own good and for the good of the school

(3)

O Lord the source of all goodness and grace

Continually creating new things

Make this school a field which the Lord has blessed

So that whosoever is pure, lovely and of good report

May flourish and abound here.

May our minds harbour only beautiful thoughts and feelings

and may we live in greater and greater

Love and Esteem with our fellow beings
emanating all round Thy Divine Radiance.

(4)

Lord I submit myself to your will, Help me

to write well and express myself correctly.

May my answers be reflection of what I have deeply
studied.

My faith in you is eternal and I know you are there for me.

SCHEME OF STUDIES

Preparatory Class

The focus in this class is to build on the Nursery/K.G education that has already been imparted to the students. The child learns the basic words of the English Language. He learns to comprehend the language in its basic form.

The child is initiated into the alphabets of the Devnagri script and numerical skills.

Classes 1 to 5

The child, already familiar with the basic skills in the English Language, is now initiated into formula instruction in the language through interactive techniques. The emphasis is on usage and application. The basics of Mathematics are also taught to the students. The focus is on basic mathematical operations including problem-solving techniques. In Hindi, main focus is on making the child learn grammatically correct language. The children are made aware of the world around them. They are introduced to basic facts of Science. Various co-curricular activities are organised for exposure in other fields besides academics. They are also introduced to basic knowledge of computers.

Classes 6 to 10

The Course of studies is patterned on the CBSE guidelines. Skill in the English language is developed through interactive techniques including audio inputs. The focus is to enable the student to use the language in his day-to-day life. A lot of emphasis is laid on grammatically correct and historical and political movements of the world. From Class 6 till Class 8 the rudiments of Sanskrit are also taught to the students. The child is encouraged to participate in activities outside the school which ensure a holistic development.

Classes 11 to 12

At this stage the students choose either Science or Commerce stream in accordance with their aptitude, interest and their performance in class X Board Exam.

Language

English is the medium of instruction. The study of English is designed on an interactive pattern. It also includes teaching the students to develop listening skills through audio aids. The focus is on usage and incorporation of the language in daily life situations.

Hindi is taught as a second language right from the preparatory class.

Sanskrit is taught as a third language from Class 6 to Class 8. It is mandatory for students of classes VI, VII & VIII to achieve a passing grade in Sanskrit as per CBSE rule, to get promotion to the next class.

Assignment policy

The students are given regular assignments in all subjects in order to inculcate the habit of self-study. The daily assignments are noted down in the diary. It is the student's responsibility to complete the set assignments.

SCHOOL FACILITIES

- 1. Science Laboratories :** The science department has well equipped laboratories that provide necessary facilities for demonstrations and experimentations. The school has Physics, Chemistry and Biology laboratories with all the facilities as per CBSE norms.
- 2. Computer Labs :** The school has two fully equipped computer labs. The school imparts computer education to students from Class I onwards. This helps the students to get familiar with the nitty-gritty of computer application.
- 3. ATL Lab :**

Atal Tinkering Lab (ATL) is a sub-mission under the Atal Innovation Mission (AIM) of the Government of India under the NITI Aayog, with a vision to “cultivate one million children in India as neoteric innovators”. ATL is the flagship initiative of AIM, the Government of India, to nurture an innovative mind-set amongst high school students across the length and breadth of India.

The objective of the scheme is to “foster curiosity, creativity, and imagination in young minds” and inculcate skills such as design mind-set, computational thinking, adaptive, physical computing, etc. ATL’s are workspaces where children can realize their ideas through hands-on do-it-yourself (DIY) mode and also acquire innovation skills. They get the chance to comprehend STEM (Science, Technology, Engineering, and Math) concepts. The laboratory contain educational kits and equipment on electronics, science, robotics, sensors, 3D printers, computers, and open-source micro controller boards. The lab also has other upgraded facilities, such as video conferencing and meeting rooms.

There would also be other activities such as national and regional level competitions, problem- solving workshops, exhibitions, etc.
- 4. Library :** The school has a well equipped library for its students and teachers. It is a store house of knowledge inculcating the valuable habit of reading. From class IV onwards the students can avail the facility of borrowing

books for reading at home. The students are expected to strictly abide by the rules of the library given under ‘Library rules’. The Junior School (upto class V) also has a Class library which is well stocked with books which the students can read in their respective library periods.

- 5. Medical Care :** The students can be provided medical care in case of an emergency at the Indo-Gulf Hospital situated nearby. The school also maintains a first aid section for minor injuries and some basic ailments.
- 6. Lost and Found Section :** The school has a lost and found section headed by the Discipline Incharge. All lost items are reported to the section and announced in the morning assembly. Any object found is similarly reported and given over to this section.
